WORK HISTORY

Jun 2016 - Feb 2019
Dallas, TX

Frontend Developer II / BBVA Dallas Creation Center

- Built reusable, dynamic UI Components using ES6 with Accessibility and QA Standards.
- Utilized (CMS) WordPress and developed themes for content editors.
- Worked closely with UI/UX Designers to achieve pixel-perfect products based on wireframes.
- Used AJAX, RESTful APIs to visualize data from JSON formats.
- Built custom HTML Elements using native Web Components.
- Deployed websites using sFTP.

Nov 2014 - Jun 2016
McKinney, TX

Front-End Developer / Barclays Technology Centre Dallas

- Developed responsive web sites with HTML 5, CSS 3, Bootstrap, jQuery, and Javascript.
- Worked closely with designers to build rapid prototypes based on wireframe requirements.
- Created gulp.js scripts utilized for development workflow.

EDUCATION

Uvalde, TX

Associate of Arts

Southwest Texas Junior College
